ONG PRO SERIES / CATFISH RODS

- Graphite composite blanks for flexibility and durability.
- Blank-through-handle construction for added strength and sensitivity.
- Heavy-duty double-bridged stainless guides with ceramic inserts.
- Graphite reel seats with cushioned stainless steel hoods.
- Select grade cork handles for comfortable feel.
- Fluorescent glow tip for night fishing.
- Eye-catching 4 color catfish decal and holographic label.
- Pro's favorite rods for tournaments.

Dear Gentlemen:

I never thought you could improve your Nite Sticks any more than you already have, but your Catfish Pro Series does just that, it is fantastic. It is the greatest Catfish rod ever. With the extra guides and the thin cork handle, you can really feel the soft bites. The new reel seat is great, too. You were successful in maintaining the sensitivity and fast tip that Nite Sticks have always had. As a result, your Pro Series is quickly becoming one of the most popular rods on the Catfish circuit.

The best part of all, you kept the rod unbelievably affordable. As you can see in my picture, the Nite Stick bends, but never breaks.

Thank you,

Paul Wolf
